

January 18, 2013

Dear ISGG Members:

The elections for the 2013-2016 ISGG officers are complete. Here is a record of the elections.

The initial election poll was open from December 7, 2012 through December 31, 2012. Because of an error on my part (listing 3 candidates instead of 2), a run-off election was completed for the Vice-President of the Europe/Africa region. This poll was open from January 2, 2013 through January 17, 2013.

All elections were conducted electronically and hosted on a secure server at North Carolina State University. A separate poll was designed for each ISGG region, so members could only vote for candidates in their region. The polls were titled as follows:

- ISGG Election – Asia/Australia/Oceania
- ISGG Election – Europe/Africa
- ISGG Election – North/South America
- ISGG Election – Europe/Africa – Vice-President Run-off

The candidates for each position were as follows:

- President – Otto Röschel (Austria)
- Secretary/Treasurer – Boris Odehnal (Austria)
- Vice-President, Asia/Australia/Oceania – Yasushi Yamaguchi (Japan)
- Vice-President, Europe/Africa – Ema Jurkin (Croatia), Daniel Lordick (Germany), Cornelia Leopold (Germany)
- Vice-President, North/South America – Aura Conci (Brazil)

After the initial election Ema Jurkin and Cornelia Leopold were candidates in the run-off election.

There were 63 votes cast in the initial election and 48 verifiable votes in the Europe/Africa Vice-President runoff. When an individual voted twice, only one of their votes was recorded. All election data were double-checked by ISGG member Dr. Aaron Clark to ensure correct procedures were followed. The tables below show the number of votes cast for each candidate.
